CALL FOR PAPERS

The Journal of Supercomputing

http://link.springer.com/journal/11227

Special Issue: Support Technology and Architecture for Networked and Distributed Applications in Big Data Era

In conjunction with the 27th IEEE AINA-2013

International Conference on Advanced Information Networking and Applications
March 25-28, 2013, Barcelona, Spain
http://voyager.ce.fit.ac.jp/conf/aina/2013

Guest Editors
Kin Fun Li, University of Victoria, Canada
Wenny Rahayu, La Trobe University, Australia

Scope
This special issue solicits contributions in areas related to computing support technology, architecture and systems for big data applications, including both theoretical and practical aspects of supercomputing, algorithms, software, and performance evaluation.

Special Issue Schedule
- Submission due: **July 31, 2013**
- Notification of first round of review: **October 15, 2013**
- Revised submission due: **November 30, 2013**
- Final version of accepted papers due: **January 31, 2013**

Submission Guidelines
Authors should prepare their manuscript according to Springer's guideline at http://www.springer.com/computer/swe/journal/11227. Manuscripts, limited to 10 pages, should be submitted online directly to https://www.editorialmanager.com/supe/ (choose this Special Issue as Article Type). For further information and inquiry, please contact the Special Issue Guest Editors:
