

***If you are interested in Soft Computing,
join the European Society for Fuzzy Logic and Technology, EUSFLAT***

Here is a list of some benefits that you are eligible for if you decide to join EUSFLAT, please help us to spread this information among your colleagues:

- Access to a network of hundreds of leading researchers in fuzzy logic and related technologies through a moderated mailing list.
- Eligibility to be candidate in EUSFLAT Board Elections.
- Possibility to join (or even establish) a EUSFLAT Working Group.
- Participation in EUSFLAT Assemblies (once a year).
- Free EUSFLAT *Mathware & Soft Computing* Magazine, with general audience articles and news.
- Electronic full-text access to the *International Journal of Computational Intelligence Systems* (IJCIS), included in the Journal Citation Reports.
- Reduced subscriptions of selected journals, as part of the International Fuzzy Systems Association (IFSA).
- Reduced registration fees for the biannual EUSFLAT Conference and other EUSFLAT-supported conferences.
- Special reductions if you already join certain fuzzy associations we have an agreement with (HFS, NAFIPS, NSAIS, SIGEF, ACIA, more bilateral agreements might come).

Additional benefits for student members:

- Eligibility to apply for a EUSFLAT Student Grant.
- Eligibility for receiving a Best Student Paper Award at a EUSFLAT conference.
- Eligibility for receiving an Annual Best Ph.D. Thesis Award.

For only 40 €/year, 20 €/year if student
